Description

NDG 113-1B

A stunning addition to our Affordable House Collection, Chestnut Lane pairs a brick exterior with classic columns framing the front porch to create an attractive design. The Great Room, complete with a fireplace, is the central gathering place of your home and opens to the Dining Room, tucked into a charming alcove. An eat-at peninsula joins these spaces with the Kitchen/Breakfast Room combo, and tons of counterspace and storage in the spacious Kitchen allows you to prepare anything your guests desire. Complete with French door access to the Great Room and Breakfast Room is a rear Grilling Porch just right for summer barbecues. A convenient computer nook just off the kitchen allows you to monitor the children's activity while working from home. Down the hall are Bedrooms 2 and 3, as well as a hall bath to the left. Bedroom 3 may also be used as a study, if

desired. The other side of Chestnut Lane holds the Master Suite, where the large master bedroom lies below a 9-foot boxed ceiling. The Master Bath is perfect for relaxing the day away, with luxuries of a whirlpool tub, separate shower, and his and her walk-in closets. Just down the hall from this suite is the laundry room, allowing for quick transport on laundry day. How would you customize this amazing house plan?
