Description

At the heart of this home is an impressive great room with ten foot ceilings and peninsula fireplace. Off the great room, your family will enjoy meals together any time of day in the expansive kitchen. With an island, eat-at open bar, and breakfast nook complete with bay windows, you won't hear any excuses for not finding time to eat. A secluded private entrance with french doors from the master suite to a rear covered porch allows you the opportunity to "get away" from it all.
