Description

NDG 1219B

A stunning addition to our Heritage House Collection, Martin's Landing II is loaded with character inside and out, from the brick and vinyl siding with stone accents to arch-style windows. Inside, the Foyer flows effortlessly into the Dining and Great Rooms through tall columns and 10-foot ceilings. The Kitchen opens to the Breakfast Room and Great Room by a peninsula bar, perfect for entertaining and quick meals. The bay-windowed Breakfast Room provides a sunny alternative to the formal Dining Room and affords a lively view of the back yard and spacious Grilling Porch. From here, you can retire into relaxation in the Master Suite, where a spacious bedroom lies below a stunning boxed ceiling. Unwind from a stressful day by sitting before the corner fireplace with your partner, or by taking a soak in the Master Bath's whirlpool tub. For morning rushes, a dual

sink vanity is there to prevent you and your partner from bumping elbows, and a makeup station gives you plenty of extra space to get ready for the day. A separate shower is also featured, as well as a large walk-in closet.

On the opposite side of Martin's Landing II are the rest of the bedrooms for a peaceful split bedroom design. Bedrooms 2 and 3 are located toward the rear of the home and each enjoy modest walk-in closets. Bedroom 4 is the largest of the bedrooms, featuring a vaulted ceiling, and two spacious closets make this room perfect for an older child. These bedrooms share a hall bathroom located between Bedrooms 3 and 4, with a dual sink vanity and private toilet/shower room. There's also a Bonus Room over the 2-car garage providing many different options. How would you customize this amazing house plan?
